1	First Aid Guide		

The described kit may be suitable for some businesses. However, the adequacy of the contents for hazards of each work environment should always be evaluated by competent personnel. Kits should be inspected frequently to ensure the completeness and usability of all first aid supplies. Any supply beyond its marked expiration date should be discarded and replaced. For a variety of operations, employers may find that additional first aid supplies and kits are needed.

TATE FIRST AID KITS

 **UNIVERSAL
PRECAUTIONS** 

1. Use Barrier Protection to prevent skin and mucous membrane contact with blood or other body fluids.
2. Wear gloves to prevent contact with blood, infectious materials, or other potentially contaminated surfaces or items.
3. Wear face protection if blood or bodily fluid droplets may be generated during a procedure.
4. Wear protective clothing if blood or bodily fluid may be splashed during a procedure.
5. Wash hands and skin immediately and thoroughly if contaminated with blood or bodily fluids.
6. Wash hands immediately after gloves are removed.
7. Use care when using or handling sharp instruments and needles. Place used sharps in labeled, puncture resistance containers.
8. If you have sustained an exposure or puncture wound, immediately flush the exposed area and notify your supervisor.

**TAKE MULTIPLE PICTURES FROM EVERY ANGLE AND
DISTANCE OF THE LOCATION, DAMAGED PROPERTY
AND WOUND**

First aid kits are provided by TATE for each vehicle and are located in each TATE facility. They are in weatherproof containers with individual sealed packages for each type of item. Tate TECHNICIANS shall report items used and be provided replacement items/contents that are used before being sent out on next job. Tate Branch Service Managers will inspect First Aid kits in the branch to ensure that the expended items are replaced. Both facilities and TECHNICIANS vehicle First Aid Kits will at a minimum contain the ANSI/ISEA z308.1-2015 CLASS B, contents list.

BBP Disposal Kits are also provided to every TECHNICIAN and are inside facility kits and carried in Tate vehicles.
